

FOR THE MODERN KNIGHT ERRANT

With this up-to-date steed the present-day knight errant can't fail to win the favour of the 20th Century Dulcinea.

The extremely tough and undemanding IZh-Jupiter 2 roadster makes light work of rough country roads, narrow forest lanes or of no road at all. Its powerful 19-hp engine, 110-k.p.h. speed and soft suspension will give you a fast, comfortable ride, however hard the going.

Get the IZh-Jupiter 2 and be sure it'll outlast any other roadster in the world!
